Secondary – Tutor Programme

As part of our drive to give all our students the best chance of examination success, we will be making some changes to our Year 11 Tutor Programme from September.

All Year 11 students will still have a daily tutor period, but the usual pastoral and personal development programme will be enhanced with periods of time when they will also be provided with bespoke support with English, Maths, Science and Humanities (Geography and History) content.

To do this, we will be making some changes to our Year 11 tutor team to ensure we have specialist staff available to deliver these sessions. This will mean that, in many cases, your child's current tutor in Year 10 will not be the same in Year 11.

All of our staff are now aware of this change and will continue to support students to the end of Year 10 before a transition to their new tutor for Year 11, where required. We will inform students shortly of who their new tutor will be.

We know that the relationship between parents/carers and a child's tutor is an important one and all of the new year 11 team are highly experienced pastoral tutors.

If you have any concerns over this change and how it might affect your child, please contact Mr Julian (Head of Year 10) or Mrs Green (Assistant Head of Year 10) in the first instance.

Many thanks for your support.

Yours faithfully

Mr V Groak
Headteacher
