Dear Parent/Carer

At Penshurst Primary School, we are always looking for ways to extend students' learning. As part of our school improvement programme, we are now using CENTURY – an online learning platform proven to boost progress and attainment.

### **What is CENTURY?**

CENTURY combines artificial intelligence with the latest research in learning science. It identifies each student's strengths, gaps in knowledge and misconceptions, recommending tailored work alongside tasks set by teachers. Students take ownership of their learning, while teachers receive real-time data to provide support or extra challenge where needed.

### **How will this help my child?**

CENTURY is there to complement classroom teaching, giving your child a chance to practise, revise and stretch themselves at their own pace. Teachers will decide how best to use it in lessons and for homework, and we'll make sure every student has the access they need.

### **Accessing CENTURY**

Your child can log in anytime, anywhere (at school or at home) on laptops, tablets or phones. Chrome (on PCs/Android) and Safari (on iPads) are the best browsers.

### **Parent/Guardian Portal**

The Guardian Portal lets you see what homework your child has been set, when it's due, and how they've performed. To sign up, please speak with your child's teacher.

### **Data security**

CENTURY is fully compliant with all relevant data protection legislation, including GDPR, and has robust processes in place to ensure data is secure. Personal information, such as names and dates of birth are authorised to be shared by the school according to the data sharing agreement signed by all parents.

If you have any questions, please contact your child's teacher or visit [www.century.tech](http://www.century.tech) for further information and policies.

Yours faithfully

Miss C Davies  
Assistant Headteacher
